Steam Valley Fiber Farm

About Our Farm: This is our 10th Year Anniversary for our Business. We settled in Steam Valley in 1998 with 5 Angora goats. Our numbers have grown, and we now raise Colored Angora Goats, Nubian Goats, and Border Leicester Sheep. From our mountainside home you can overlook our goats and sheep grazing in the pastures and watch the steam as it rises from the

wooded valley below. Hence the name, Steam Valley. We are located midway between Williamsport and Mansfield in the Northern Tier of Pennsylvania.

Steam Valley sells spinning wheels, looms, and accessories from Ashford, Louet, and Schacht. When you visit the farm you can test out the different models of spinning wheels to find the particular wheel that suits your needs. Fiber from our Border Leicester Sheep and Colored Angora Goats is for sale as raw fiber, as dyed roving ready to spin and as yarn. At our shop at the farm, we carry drop spindles, books, dyes, looms, spinning & weaving equipment and hand-dyed yarn.

Steam Valley is a member of the Colored Angora Goat Breeders Association, the Virginia Angora Goat and Mohair Association, the Susquehanna Valley Spinners & Weavers Guild and the Pennsylvania Association for Sustainable Agriculture.

Animals: February & March is kidding and lambing season. Colored & White Angora goat kids, Nubians & Border Leicester lambs are available starting in the Spring.

Farm Tours & Classes: Classes are held at the farm to incorporate learning about the animals in addition to exploring the art of spinning. Come enjoy life on the farm while you learn the art of spinning your own yarn. For tours or class information, call Phylleri at 570-998-2221 or email > svmfiber@uplink.net.

Shop Hours: If you are interested in purchasing spinning wheels, fiber, yarn, or animals please make an appointment to visit the farm. You are welcome to just stop by, but you may find us out on the hillside moving fencing or stirring a dye pot.

Visit our website: <http://www.steamvalleyfiber.com> for pictures of our farm and animals, more wheel and loom information and our workshop schedule.

Steam Valley's Hand Dyed Yarn

Dyeing is one of my creative passions. Each colorway is unique, so purchase enough yarn for your project. Dye lots are recorded, but necessarily repeatable.

Our yarn comes in all the colors of the rainbow, so inquire for color you seek.
